Dear Valued Customer,

We are pleased to share some exciting news about Trumpler-Clancy's future. Today we announced that Trumpler-Clancy has entered into an agreement to merge with Filtersource.com, Inc., our sister company and leading online filtration distributor.

These two companies have shared practices for several years. By formally bringing them together we believe it will create a stronger business to provide you with an enhanced product offering, geographic expansion and an even higher level of service. We look forward to the operating synergies that will come from this merger as we position ourselves for growth as both a traditional and ecommerce filtration distributor for the industrial market.

There is no change in ownership so do not expect any significant changes to your experience in the near term. Your point of contact will remain the same and you can be sure that our relationship with you remains our top priority.

We will keep you informed of any developments as appropriate. In the meantime, please feel free to get in touch with us to discuss any questions you may have.

As always, we thank you for your continued partnership and look forward to the future.

Best Regards,

Glenn P. Clancy
President – Trumpler-Clancy, Inc.
